

Sponsorship Proposal – Cateretê Workshop

Dear Mr./Mrs.,

The Brazilian Synchrotron Light Laboratory (LNLS), part of the **Brazilian Center for Research in Energy and Materials (CNPEM)**, in Campinas, will hold the **4th International User Workshop on Coherent X-Ray Imaging and Small Angle X-Ray Scattering - Cateretê Workshop**.

The aim of the **4th Cateretê Workshop** is to present and discuss the new scientific perspectives offered at the Coherent Scattering beamline Cateretê, specifically X-ray imaging and time-resolved capabilities. The workshop will consist of plenaries and talks with participation of international experts.

The Cateretê beamline is under construction at Sirius and will be dedicated to coherent and time-resolved scattering experiments. It will provide cutting edge research tools that are non-existent today in Brazil, like 3D imaging with 10's nanometer resolution, X-ray photon correlation spectroscopy (XPCS) to study dynamics and ultra-small angle X-ray scattering.

The Cateretê Workshop is an excellent opportunity for your company to interact with researchers from the best universities and science institutions from Brazil and abroad. It is also the right time and place to be aware of the current status of Sirius and its technological development.

We cordially invite your company to announce products and services during the 4th Cateretê Workshop by choosing the sponsorship package that best fits your company strategies and profile.

Best regards,

Cateretê Workshop Organizing Committee

Venue

This year's 4th edition will be held at Sirius building, at CNPEM campus in Campinas, São Paulo.

Sirius site - July 2019

Sponsoring Package

The sponsorship package is suitable for companies which send to send **two representatives** to the event.

This package can only be chosen by **two companies**.

The exhibition area is designed to be a comfortable meeting space. Its features will receive participants during coffee breaks and poster sessions.

The package includes:

- One table and two chairs in the reserved area for exhibition;
- One 220 V socket (power plug "N", as shown in Attachment I);
- Distribution of company leaflets or folder, where the sponsor may have printed the company logotype, or any visual art brought by the representative;
- Logo on the website's homepage (<https://pages.cnpem.br/caterete-workshop>);
- Logo displayed on the auditorium screen during breaks;
- One banner structure tripod.

VALUE: USD 2.000,00

Important Information

For every sponsor:

The sponsorship package will only be guaranteed after payment, which is due by **November 15th, 2019**. As soon as the payment is done, please send the bank transfer receipt to *priscila.alves@lnls.br*.

We request that the company send its vectorized **logos**, both colored and negative (black and white) in one of the following formats: .EPS or .PDF; Files for logos should be sent by **November 15th, 2019**.

All printed material to be distributed must be brought to the exhibition area only on the opening date of the event and stored safely with the representative. The exhibition company should have a representative at the booth to supervise all deliveries, packaging, unpacking, installations and disassembly.

The sponsor is solely liable for any damages to the person or property and for any eventual theft associated with their exposure.
