Bank of Molecules

-  Chemical inventory of biodiversity
-  Easy access to innovation platforms
-  Legal instruments and traceability for benefit sharing
-  State-of-the-art equipment
-  GLP principles
-  Experienced team
-  Already in operation!

banco.moleculas@lnbio.cnpem.br

What to expect from the Bank of Molecules?

Chemical space evaluation by LC-MS/MS

Bioassay (entry: cytotoxicity and cancer cell panel - CNPEM)

First results (first round, pre-competitive) in a few months (~3) from sample deposit

Compound management & connection to innovation opportunities (second round)

CNPq
