

# XRM 2026

17<sup>th</sup> International Conference on X-Ray Microscopy

31 Aug – 4 Sept 2026 - Campinas, Brazil

## First announcement

We are delighted to announce that the 17th edition of the **International Conference on X-ray Microscopy, XRM 2026**, will take place from **August 31 to September 4, 2026**, in Campinas, state of São Paulo, Brazil. The event will be organized by the Brazilian Center for Research in Energy and Materials (CNPEM), which houses the Brazilian Synchrotron Light Laboratory (LNLS).

The LNLS is home to SIRIUS, Brazil's most advanced scientific infrastructure. On the CNPEM campus, attendees will have the opportunity to explore the SIRIUS synchrotron light source, its state-of-the-art beamlines, and support laboratories, while enjoying a welcoming and dynamic research environment.

XRM brings together experts in X-ray microscopes, imaging methods, and related techniques since 1983. The conference showcases the latest advancements in X-ray microscopy technology and its applications across various scientific fields, featuring lectures, research presentations, posters, exhibitors, and networking opportunities.

## Important dates

**3 November, 2025** | Call for Abstract and WMI award opens

**18 March, 2026** | Abstract and WMI award closes

**25 May, 2026** | Early bird registration closes

**10 July, 2026** | Regular registration closes

**30 August 2026** | Workshop and Welcome Reception

**31 August – 4 September 2026** | XRM 2026 Conference
